When Tara Scott was diagnosed with a brain tumor, she was given a 5% chance of survival. But she refused to give up. This is her story of hope, healing, and the power of the human spirit.

Tara was just 25 years old when she was diagnosed with a glioblastoma, a rare and aggressive type of brain tumor. The doctors told her that she had less than a year to live. But Tara was determined to beat the odds.

She underwent surgery, radiation, and chemotherapy. She also tried a variety of alternative therapies, including acupuncture, yoga, and meditation. Tara's journey was not easy. She experienced many setbacks along the way. But she never gave up hope.

Today, Tara is cancer-free. She is a wife and mother of two children. She is also a successful author and speaker. Tara's story is a reminder that anything is possible if you have hope.

In her book, *Blessed With Brain Tumor*, Tara shares her story of hope and healing. She offers practical advice for others who are facing cancer or other life-threatening illnesses. Tara also provides inspiration and encouragement for anyone who is facing a difficult time.

Blessed With Brain Tumor is a must-read for anyone who is looking for hope and inspiration. Tara's story is a testament to the power of the human spirit. It is a story that will stay with you long after you finish reading it.
