Key Features of the Proceedings:

- **Exclusive access to the latest research and insights:** The Proceedings provide exclusive access to the latest research and insights from leading experts in the automotive industry. This includes cutting-edge advancements in electric vehicle technology, autonomous driving, connected car technology, and vehicle safety.

- **Comprehensive coverage of industry trends:** The Proceedings offer a comprehensive overview of the key trends shaping the automotive industry. This includes the rise of electric vehicles, the growing adoption of autonomous driving technology, and the increasing importance of connected car technology.
- **In-depth case studies and industry best practices:** The Proceedings include in-depth case studies and industry best practices from leading automotive manufacturers and technology providers. These case studies provide practical insights into how companies are successfully navigating the challenges and opportunities in the automotive industry.
- **Expert insights and perspectives:** The Proceedings feature expert insights and perspectives from leading industry experts. This includes thought leaders from automotive manufacturers, technology providers, government agencies, and research institutions.

Who should read the Proceedings of China SAE Congress 2024?

The Proceedings of China SAE Congress 2024 is an essential read for anyone interested in the future of mobility. This includes:

- Automotive industry executives and professionals
- Researchers and academics
- Government policymakers
- Technology providers
- Investors
- Anyone interested in the future of mobility
